

ST. LOUIS DAY TRIP

It's a 'Jetsonian' St. Louis Summer Mystery

June 17, 2027

\$125.00 Per Person

Buckle up for a captivating journey into the future—as St. Louis once imagined it! In the years following World War II, America was swept up in a wave of optimism fueled by technological innovation, space-age design, and bold visions of tomorrow. St. Louis enthusiastically embraced this futuristic spirit, leaving behind a fascinating collection of buildings, neighborhoods, and landmarks that still evoke a mid-century dream of the 21st century. On this one-of-a-kind Mystery Day Trip, we'll explore some of the city's most striking examples of what local historian, author, and tour guide NiNi Harris affectionately coined "Jetsonian" architecture, inspired by the beloved 1960s cartoon *'The Jetsons'*. Along the way, you'll discover remarkable treasures hidden in plain sight—sleek, imaginative designs that seemed to promise a future just around the corner. From daring architectural experiments to space-age influences that transformed the city's landscape, this tour reveals a side of St. Louis that is both nostalgic and surprisingly visionary. Join us as we step back into an era of limitless possibility and explore the retro-futuristic "Jetsonian" visions that continue to make St. Louis truly one of a kind.
